

## DAY COURSES

Do you enjoy singing? Do you sing in a choir? Would you like to help overcoming the problem of nerves, improving your breathing and tone quality, working on volume control and singing more expressively? Would you like to know more about vocal health and how to keep your voice working well? These courses could be just what you need.

The day courses can be attended singly or as a progressive series. Each day will be spent working on exercises and techniques to help you improve your singing, and learning songs. There is a maximum of 15 singers each day each day and the singing and learning will be done in a relaxed atmosphere. The class is open to singers of any ability and it is not necessary to be able to read music. There will be an opportunity to perform solo if you wish.

Although topics may be repeated the material and approach will be different for each day so if you wish to recap a topic from a previous year you will not repeat the same day.

The Performance Workshop is the culmination of the day-courses but is open to all. There are only 10 places (there is a £5 surcharge) and you will spend the day performing and working on a solo you have prepared previously. This will be recorded on CD for you to take home. We will finish the day with an informal concert which will also be recorded on CD.
